What is Mugsar MCFC

MugsarClassroom Fundraising Competition (MCFC) is an inaugural annual international educational knockout comp, kind of like 'March Madness' — Championship Finals projected for February 12-25, '2024. But may take longer.

.

What is Mugsar

Mugsar is the world's only standalone, full-fledged, multifaceted de facto standard *S*umerian *C*uneiform *D*ictionary – literally the G.O.A.T. textbook for the founders of *edu*cation.

Indeed the TruEtym of the operative word itself is Sumerian:

□□ *edub* 'house of tablets' 1208D - 1207E

It's unlikely to be accomplished very often, to create/edit 5 books, that all have a high relevance score and thus a shot at immortality – MCFC's (https://tinyurl.com/MugsarClassroom-Mania):

1. MugsarSCD
2. The Great Gatsby Centennial - "~~the man I saw last summer~~"
3. Elegy to a Loved One - The Hours
4. Shakespeare First Folio 400th Anniversary - Susan de Vere Producer
5. TransG—Brothel Eshdam Tablet Millennia

– over a 9-month period, Dec. '22 to Sep. '23, and then publish them, all at once...
Eerily, it's been like a gestation and out comes quintuplets!

..

Mega Discount If Buy MCFC Books Direct

There are significant limitations and disadvantages of using mainstream outlets like Amazon (you soon see why Jeff Bezos is so rich » high commission/admin fees, price gouging, migraine-inducing submission system – sure makes a lot of sense to transfer Bezos toy money to the MCFC philanthropic project) to provide books for a project/phenom like MCFC. Dealing with MCFC Books direct also provides greater simplicity, flexibility (ex. easy access to free updates, including Amazon Kindle converts), mega discounts, and even quasi-subsidies for economically challenged schools and colleges.

How it works

Basically, it's an 'honor' system of mutual trust. Almost like a cooperative.
Firstly, there is **Free Trial**.
All MCFC Book PDF files can be downloaded from the MCFC Books Google Drive Folder in the Mugsar Library:
drive.google.com/drive/folders/1-JLnP-N1-uJP_-tTUmi-vu3mVLfO9I1q
or tinyurl.com/mLib-MCFC-Books

👉 30% discount 10 or more students

The discount still applies of course for each student later added to the class.

👉 Extra 10% discount each school brought in

Your referral commission: extra 10% discount for each new school brought into MCFC (as per your 'Contribution' details in Hall of Fame). Max. comm. 5 schools » 50%
Max. total discount is 80% (30% for 10 or more students + referral comm. extra 10% for each new school, max. 5)
..

MCFC Books Price List

Each MCFC Book for each student has a RRP of US$14.99; 'Double-Ups': $29.99; 3-Book: $45.99; Mega4: $59.99
But with Mega Discount Direct MCFC Books the total bill comes way down.
So, if you have a class or group of say 32 students using a single book that would be 32 x $14.99 = $480
Now comes the mega MCFC discounts: 30% for over 10 students, plus, say you brought in 2 new schools, an extra 20%
That's a total of 50% discount bringing the bill down to $240 (plus tax).

Once paid (including Amazon Kindle converts), all future downloads of updates of that particular book are free until the student graduates from the school/college.
For economically challenged schools/colleges, simply pay what you can, when you can. Even if it's as an instalment from a small percentage of a winning prize money purse from MCFC Finals (or even from our OL-D FAV Fantasy Football, see below).
Self auto-generate invoice by inserting the applicable quantities and amounts into the standard invoice form » Google Sheets:

or email for something more specific from PayPal invoice generator.
Simply use our paypal.me/mugsar – it's all basically donations for our development.

All Contributions could oneday convert to IPO stock

And who knows, if we get successful enough to have an IPO, all MCFC contributions: payments for books, donations, personal investments (incl. volunteers – don't miss the startup boat, like those buddies of Zuckerberg/Facebook) could oneday convert to stock.
So make sure we get your details on the MCFC invoice or Hall of Fame.

👉 1.iii. 'Double-Up': TransG with MugsarSCD

When you study Sumerian cuneiform with the ultimate dictionary, the Mugsar, after a while you really want an example tablet to work with. Not a lot of tablets. Just a very

special one. One that's largely complete. And meaningful. Coming at the subject from the other angle, when you find 'The Tablet', you want the Mugsar, not just nearby, but right there with it. {Gilga}mesh-ed with it. And the bonus, student or adult, unlike most reading which quickly gets forgotten, by incorporating MCFC your learning stays relevant and useful.

Elegy to a Loved One: The Hours A Mugsar TransG Perspective (Mugsar Classroom Fundraising Competition MCFC) Kindle Edition

by Peter Hogan (Author), Tara Hogan (Editor)

Part of: Mugsar Classroom Fundraising Competition MCFC

PDF $2.99 3 mb 53 pages

Elegy to a Loved One is A Mugsar TransG Perspective of John Peale Bishop's The Hours. It's about his feelings after the loss of his classmate and friend Scott Fitzgerald. Sentiments that we can all identify with, not just a passing of a Loved One, but the same applies to a relationship that didn't work out, even to one that had a TransG element (as we show in our other book in the series: The Great Gatsby Centennial).
This perspective is designed as a way to pay homage to that LO through ju-jitsu that grief into a philanthropic positive by using your personalized perspective in a Mugsar MCFC.

I have sat in this long-windowed room,
Looking upon the sea and, dismayed
By mortal sadness, thought without thought to resume
Those hours which you and I have known—
Hours when youth like an insurgent sun
Showered ambition on an aimless air,
Hours foreboding disillusion,
Hours which now there is none to share.
Since you are gone, I live them all alone. (10)

Slowdive formed '1989 *[Jungian Synchronicity—moi quit job moved to Japan Mugsar odyssey begins]* two founding members, Neil & Rachel first met in kindergarten Reading UK (Mojave 2:11) — Neil Halstead ('1970 -) main songwriter (wrote Dagger in *enforced exile* about Rachel breakup} vocals guitar, Rachel Goswell ('1971 - | Souvlaki Space Station lyrics about Neil breakup) vocals guitar keyboard, Christian Savill ('1970 -) guitar, Nick Chaplin ('1971 -) bass guitar, Simon Scott ('1971 -) drums (noted in Pitchfork docu that Souvlaki album '1993 immortal masterpiece was essentially informed by Rachel-Neil breakup—and Rachel admits, "I couldn't listen to Dagger for years")

.

It would be great to get Slowdive to do a version of the Loved One – The Hours. Remembering that Golden Hair – their tribute to Pink Floyd original founding member Syd Barrett ('1946 - '2006) – based it on a James Joyce '1907 poem.

Also, it would be extremely apt to have Slowdive do some of, if not all (assuming Robert Smith does not get the significance of the whole thing) the TransG-Eshdam streaming series soundtrack.

IAE, Slowdive would have 'first right of refusal' to score the flashback opening montage where we time-machine from the presentday back □ millennia to the Sumerians.
Really, the same applies for the soundtrack for any of our stablemates come MugsarTV tentpole streaming series.

Perhaps these works could inspire their next album even if we can't get funding beforehand. Indeed, one that would be aptly epochal, would be for Simon Scott to use his

field ambient music expertise to record the MugsarTV – "Natural Sounds of Sumer" (Sthn Iraq) – especially the delta area where the mystical Euphrates & Tigris rivers come together (re the original Great Flood tablet, a couple of millennia before a particular plagiarism) – the seminal marshlands that include the reeds that the Sumerians cut for the stylus ??? used for imprinting cuneiform on clay.

Oh BTW, if we can get Simon to do it, we hope he takes along some Film School postgrads for a "Making of" documentary.
And they could even tour, as Slowdive or individually, some schools, at home and on the road, and be the headline act for their MCFCs which would duly include quizzes about these soundtracks.

👉 4. Shakespeare's First Folio 400th Anniversary 1623 - 2023 – Susan de Vere Producer
The true story behind the production of the First Folio. At the same time exposing in a simple, but unequivocal way, the Stratford rip-off of tourists, led by Stanley Wells. It is only thanks to Susan de Vere that so many additional plays were published in the First Folio, because she was the 'Grand Possessor' and effectively literary executor of her father's works. She was the key driver over a 2 year period, except a break for a pregnancy, all the way to the first recorded purchase, December 5th 1623. She finally deserves recognition:

The true story behind Shakespeare's First Folio 400th Anniversary – Susan de Vere its producer finally deserves recognition as we expose the Stratford tourist rip off.
Facts about the Stratford guy that we can be absolutely certain of, as has been infamously said, "could be written on the back of a postage stamp."
Mark Twain noted all the biographies are full of "no doubt he…" and "he must have done…"
"I am sort of haunted by the conviction that the divine William is the biggest and most successful fraud ever." – Henry James
For starters, Susan de Vere was the wife of Shakespeare's First Folio dedicatee, and Ben Johnson, who did the First Folio intro, wrote love poems to her.
Susan de Vere was the key driver in the production of the First Folio over a 2-year period, except for a break for a pregnancy, all the way to the first recorded purchase, December 5th, 1623. She finally deserves recognition.
And the Strato Sham perpetrators, including British politicians who allow false advertising and the ripping off of tourists deserve the Millennia Sumerian Curse: ...with Apocalypse Now, "Extreme Prejudice".

Ovid's Fasti June 24 Vere's Exit

MCFC
Ovid's Fasti VI: June 24 (The day Edward de Vere picked for his 'exit'.)
The Roman Midsummer's Day
Festival of Fortuna
Time slips by, decrepit years ineluctably,
No bridle can slow the days from aflyin'.
Festival of Fortuna revolves 'round precisely
At seven days before Junos dyin'.
Friends, come join us and fête Fortune with joy
On Tiber's banks she gives the royal show.
Some skudde fast on foot others in boats ahoy,
Remember shame not, to finish aglow.
Festooned barges carrying young revellers abound,
Midsum' they come bellies brimming wine full.
But plebs revere the one who temple found,
One who rose to the crown from rank humble.
Yes, it was one of us, Servius Tollius,
Who temple built to such a fickle goddess.
Tempora labuntur, tacitisque senescimus annis,
Et fugiunt, freno non remorante, dies.
Quam cito venerunt Fortunae Fortis honores,
Post septem luces Junius actus erit.
Ite, deam laeti Fortem celebrate. Quirites,
In Tiberis ripa munera regis habet.
Pars pede, pars etiam celeri decurrite cymba,
Nec pudeat potos inde redire domum.
Ferte coronatae juvenum convivia lintres,
Multaque per medias vina bibantur aquas.
Plebs colit hanc, quia, qui posuit, de plebe fuisse,
Fertur, et ex humili sceptra tulisse loco.
Convenit et servis, serva quia Tullius ortus,
Constituit dubiae templa propinqua deae.

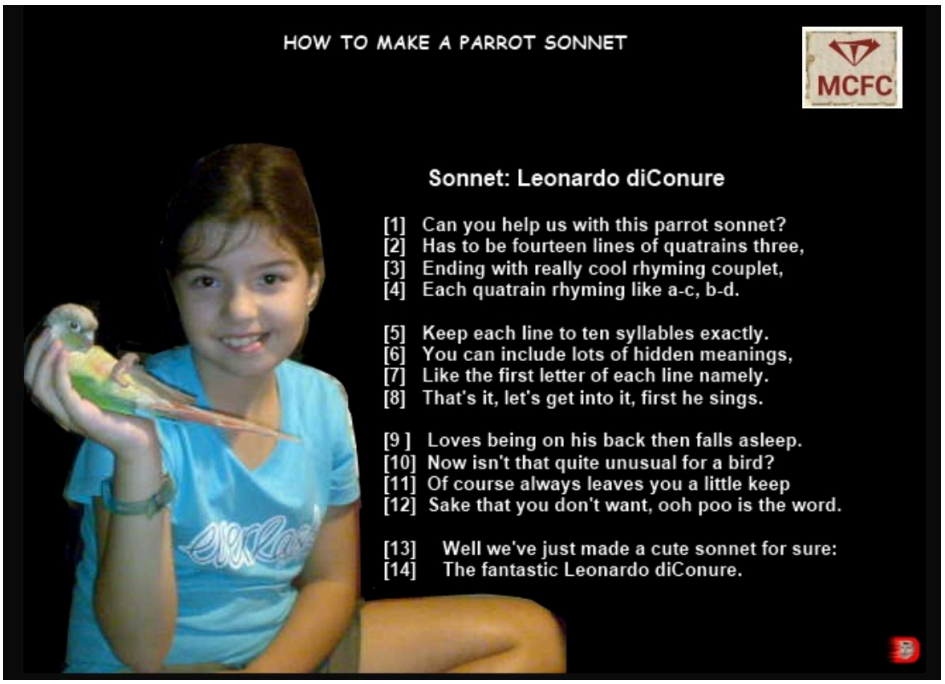
How to make a Cheeky-Parrot Sonnet



HOW TO MAKE A PARROT SONNET
MCFC
Sonnet: Leonardo diConure
[1] Can you help us with this parrot sonnet?
[2] Has to be fourteen lines of quatrains three,
[3] Ending with really cool rhyming couplet,
[4] Each quatrain rhyming like a-c, b-d.
[5] Keep each line to ten syllables exactly.
[6] You can include lots of hidden meanings,
[7] Like the first letter of each line namely.
[8] That's it, let's get into it, first he sings.
[9] Loves being on his back then falls asleep.
[10] Now isn't that quite unusual for a bird?
[11] Of course always leaves you a little keep
[12] Sake that you don't want, ooh poo is the word.
[13] Well we've just made a cute sonnet for sure:
[14] The fantastic Leonardo diConure.

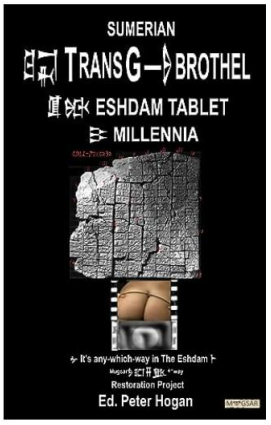
👉 5. Sumerian 𒂗𒆤 TransG—𒁀 Brothel 𒂗𒆤 Eshdam Tablet 𒁀 Millennia
The first non-myth based recording of everyday life in history. Soon to be an entrant in Sundance or Tribeca Film Festival… Best Original Screenplay » Galasar… Best Adapted Screenplay » Mugsar…😉

You see all these new movies and streaming series on every subject known to civilization, except the Sumerians.
💀 💀
Sumerian Curse on all those Establishment Gatekeepers that continue to screw them over.



Note: This book's draft MS started out as a Google Doc – which *can* display cuneiform fonts.
It kept crashing with adding ever more tablet images. So, had to migrate to docx. But with the trade-off that it *can't* display cuneiform fonts. Nor can PDFs or Amazon. (And all have a problem with Google emojis.)
Originally opted to make jpg's of whole pages, but that resulted in a massive PDF file size, over 300 mb. Compression and loss of image resolution (of already hard to make-out tablet cuneiform) got it down to a makeshift 23 mb.
Finally, had to accept going with docx (and that meant having to hump it to a library 2 clicks away to use a desktop full version, as symbolically, the tablet book was made mostly with a tablet!) and would just have to sub each cuneiform font with a jpg...
Anyway, long story short, now available direct at MCFC Books, with lots more tablet images – and the final PDF is only 6 mb! – now takes its proud place as part of the MCFC Series for only $14.99 (before discount) in line with its stablemates – felt like it should be $149.99!!!

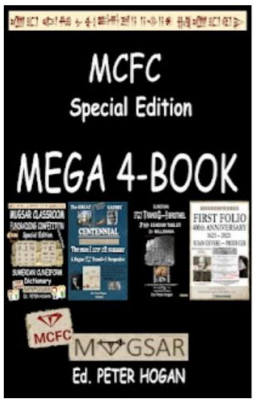
MCFC MEGA-BUNDLE (1-4) Mugsar + FF400 + G100 + TransG

Mugsar here means 'Sumerian Cuneiform Dictionary' (SCD) – the flagship MCFC single book Quiz Game.

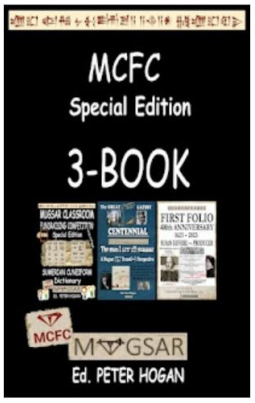
These 4 stablemates individually represent critical chunks of the ascent of civilization, together they have nuclear Mugsar synergy.

Thus, the MCFC Quiz Game evolves into a 'MCFC MEGA Quiz Game'.
The 10 questions could come from any of the 4 books, or sections of a book, ex. The Hours – John Peale Bishop's elegy to Scott Fitzgerald featured in our The Great Gatsby Centennial can be empathized by anyone who has lost a Loved One, even broken relationships. But by applying MCFC you can ju-jitsu your grief into a philanthropic positive. So, significant sections like The Hours have been published separately as MCFC Special Editions.



And the option to buy the 4 books bundled into one mega book.
(Mega4 total is over 1,000pp – but users have the 'NiFTy Mugsar *FastNav*' to zip around.)

There is also the option to buy other combinations: double or triple. Thus excluding TransG (Sumerian Brothel Tablet) which will be rated High School-College +Older Adult.



MCFC COMBO-NOMO

An option is to play combination-nomination.
There could be MCFC quiz game options 1-4 eBooks or sections of an eBook:

- Play 'MCFC Single-Up' – any 1 of 1-4
- Play 'MCFC Double-Up' – any 2 of 1-4
- Play 'MCFC Triple-Up' – any 3 of 1-4
- Play 'MCFC Mega-Up' – the whole caboodle!

Either contestants choose comp type to enter or one contestant thru coin flip or some kind of rating, ex. current champion – esp. for MCFC Playoffs / Championship Series – can nominate comp type.

The Questions

Your local/nominated organizers and adjudicators will set the questions.
In smaller, more private competitions contestants could fire questions at each other.

Say the quiz type is based on the flagship Mugsar, it could set up like the following:

Questions / Answers revolve around 1 or more Mugsar□□□□4-way (jpg) attributes, ex.:

1. Unicode: 12000
2. Sign: □
3. Lemma (reading/transliteration) 'A'
4. Translation: 'water' (or whatever local language)

Example Question:
What is the Unicode, Lemma & Translation for this Sign □

Answer:

Unicode: 12000
Lemma: A
Translation: water

Could add degrees of difficulty, depending on setup, ex.:
Draw the sign for water.
.

Standard Quiz Format

2 Contestants - 10 Questions - designated number of seconds to answer

Tiebreaker
Shootout questions: increasing degree of difficulty, with less and less seconds to answer

Winner advances

.

Age Groups (7AG)

6 High School Grades: 7 to 12 + College = 7AG
(We may add 6th Grade if Elementary Schools are interested in joining.)

.

Handicapping Groups (3HG)

So every student has a chance to win, no matter demographics - based on seconds allowed to answer - handicap set/updated by most recent competition record (like in golf) as judged by reputable educator / referee.

Time allowed to answer each question — 3 handicapping groups → suggested guide:
10 seconds
20 seconds
30 seconds

.

So that totals to 7AG x 3HG = 21 max. sub-groups

👨‍👩‍👧

Setup Suggestions / Appd Links

School / College facility - Zoom and/or Youtube video setup overseen and affirmed by referee as a true and fair competition.

- Basically using Google Docs Share.
  (Click on 3dot ⋮ menu topR-cnr - Share - Manage People and Links; remember to change "Viewer" status to "Can edit"; if using example pages below as a template, after making copies edit all share links to your School and individual student.)
- Each contestant starts on an **Intro Page** that gives instructions 👉 Intro example
  (A standard Test Paper might contain 10 questions x alloted seconds per question depending on handicap, ex. 10 x 10s = 100s to complete.
  Could use an always-on-top "Floating Stopwatch & Timer" app.
  May have to allow a few seconds for Test Paper page to load if slow connection)
- Video and/or Screen Capture App starts.
- Referee signals to start.
- From Intro Page contestant clicks on "**Go to MCFC Test Paper**" 👉 Test Paper Example
- When time is up Referee / Judge(s) marks Test Papers to determine winner (if necessary execute Tiebreaker Shootout).

When

If we can get enough early support we could have our inaugural competition in February of '24. More realistically, pushed back at least a year to '25, depending on finding

sponsors. In the meantime, local competitions can of course progress at their own pace, and have their own finals, and be that much more ready for the main event.

To be held annually over 2 weeks in 2nd half of February straight after Super Bowl [note NBA lull]
Broadcast on Zoom and/or Youtube (TV), proposed MCFC Blog / Podcast , etc.
.
Oct-Jan: MCFC Qualifying Competitions / Local Fundraisers

Proposed breakdown based on 64 Groupings:
One automatic Grouping for Top 20 participating countries.
incl. one automatic Grouping for Japan (re Mugsar Founder genesis)
incl. one automatic Grouping for Iraq (modernday Sumer)
One automatic Grouping for Top 30 U.S. States.
Balance made up of wild cards.
.

Monday Mid Feb roughly 12 to Sunday Feb 25: MCFC-I Championship Finals proposed dates

MCFC-I Championship Finals — MugsarClassroom Mania

MCFC Rules & Guidelines

Any on-the-spot disputes adjudications or rule modifications to be determined by local reputable educator / referee (RER) using video replay if necessary, in conjunction with any guidelines from the MCFC Governing Committee, a division of the Mugsar Foundation (all to be set up by any college(s) and/or consortium, that can get the funding! Major Donors / School / College members and Mugsar Founder (Estate Executor = 'Home College' / descendant) would thus put in place an MCFC Constitution and voting mechanism for any changes.)

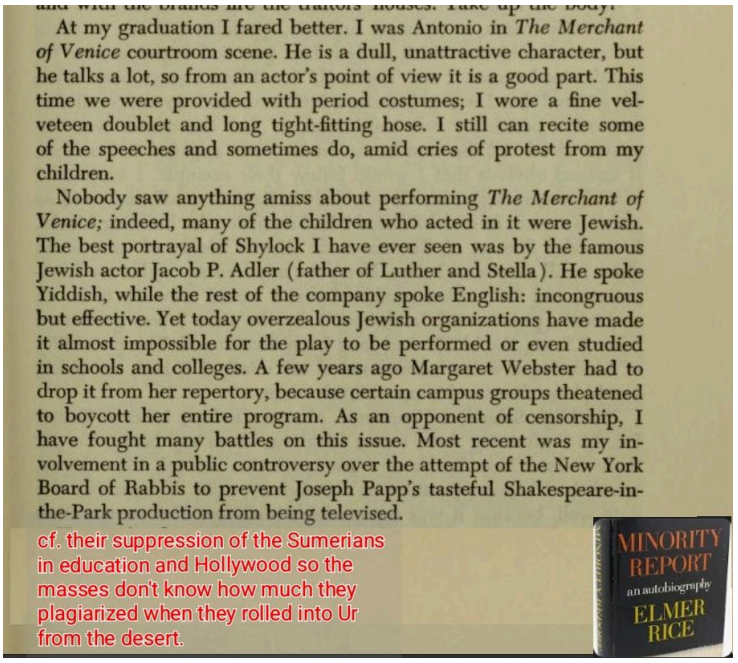
"Free the Mugsar"



At my graduation I fared better. I was Antonio in The Merchant of Venice courtroom scene. He is a dull, unattractive character, but he talks a lot, so from an actor's point of view it is a good part. This time we were provided with period costumes; I wore a fine velveteen doublet and long tight-fitting hose. I still can recite some of the speeches and sometimes do, amid cries of protest from my children.
Nobody saw anything amiss about performing The Merchant of Venice; indeed, many of the children who acted in it were Jewish. The best portrayal of Shylock I have ever seen was by the famous Jewish actor Jacob P. Adler (father of Luther and Stella). He spoke Yiddish, while the rest of the company spoke English: incongruous but effective. Yet today overzealous Jewish organizations have made it almost impossible for the play to be performed or even studied in schools and colleges. A few years ago Margaret Webster had to drop it from her repertory, because certain campus groups theatened to boycott her entire program. As an opponent of censorship, I have fought many battles on this issue. Most recent was my involvement in a public controversy over the attempt of the New York Board of Rabbis to prevent Joseph Papp's tasteful Shakespeare-in-the-Park production from being televised.

The Eshdam7NA Song
The theme is, "Why aren't Sumerian achievements part of education (the TruEtym of the word itself is Sumerian curriculums, not to mention being buried in sand by Hollywood?!"
We're gonna fight 'em off
7 Nation Army couldn't hold THE ESHDAM back
They're tryin' to rip it off
Using some Establishment Hack
And we're talking to ourselves at night
Because we can't forget
So it's all in to the fight
Until we get the Film Restoration set.
And the message coming from the tablet says…
It's any-which-way in THE ESHDAM
Everyone should hear about it
Every single FRAME's got a story to tell
Every film student should know about it
Or …rebel!
And the feeling coming from THE ESHDAM says,
"Find a Film School home!"
We're going to Wichita
Or whatever Film School fits right
We're gonna back the MUGSAR
And project THE ESHDAM into the spotlight
And we're MUGGING, and we're MUGGING, and we're MUGGING
Right before the ROAR!
As the MUGSAR conquers the Establishment suppressing
And THE ESHDAM will be buried no more! No more! NO MORE!
And the message coming from the tablet says…
It's any-which-way in THE ESHDAM …is OK …OK by me
